EU Quantum Act must boost European tech sovereignty

Greens/EFA MEP and Vice-President **Sergey Lagodinsky**, who will negotiate the EU Quantum Act in the European Parliament as shadow rapporteur for the Greens/EFA Group in the Internal Market Committee (IMCO), comments on today's proposal from the European Commission:

"The Quantum Act reflects what we Greens/EFA have been saying all along: our tech souvereignty depends on setting a competitive European ecosystem, including quantum ecosystem. We must ensure that Europe cannot be pressured by third countries through dependencies and can set the tone in this area of the future - for the benefit of people and nature."
