## EU Climate Policy

### The little green book of backloading myths

Next Wednesday the European Parliament will vote on the 'Backloading proposal' . Here are 6 myths on the European Carbon Market (and 'backloading') that have been spread by some Industries and MEPs and ...what the truth really is!

**Backloading myth # 1** - 'Backloading' will increase the costs faced by industry...

**Backloading myth #2** - The European carbon market forces industries to close plants in Europe...

**Backloading myth #3** - The backloading proposal from the EU Commission is not ambitious enough...

**Backloading myth #4** - Protecting the Climate is too costly...

**Backloading myth #5** - All European business and industries oppose the 'Backloading' proposal...

**Backloading myth #6** - 'Backloading' will be too costly for Central and Eastern EU States...
