## **Nuclear power plants**

### **Europe has 7 nuclear plants less**

In several Member States nuclear power plants were withdrawn from the grid.

The reactor 3 and 4 of the Kosloduj power plant in the new Member States Bulgaria were shut down. In Slovakia it is the very old Bohunice reactor which was withdrawn from the grid.

And also Great Britain moved a step closer to the total nuclear phase out. Four reactors were definitively closed, among them those of Dungeness and Sizewell which still had material parts from the 60's!
