Biking is Green

Electric and Clean Mobility

At the start of the European Mobility Week this event will show and demonstrate new models of electric and (un)conventional bicycles, intermodality between cycling and public transport, recently installed services in the area Gare de Luxembourg - Place de Luxembourg. Visitors will be able to test the bikes on the Gopedelec test-track. Cycle related projects and organisations will present their activities. Participants are ETRA, Batavus, Clean Mobile, Dahon, ekolo.cz, Koga-Miyata, Sparta, Trikke, Segway, Vrachtfiets, Wheelylift and Yikebike. Also the following cycle related projects and organisations will present their activities: Aeneas, BOVAG-TWB, Bond Beter Leefmilieu, Call a Bike, ECF, Eurocities, Global Alliance for Ecomobility, Gopedelec, Mobility Week, Polis, Presto, Pro Velo, Villo. This exhibition and demonstration is co-organised by the EP Mobility Unit, the Greens/EFA Group in the European Parliament and the European Trade Association for Bicycle Dealers (ETRA). **DRAFT PROGRAMME**
