The European Parliament's Basque Friendship Group, and the Greens/EFA group hosts a conference to discuss the outcomes of the Aiete conference, and the prospects for building a lasting peace in the Basque Country.

The international conference (Aiete), which took place at Donostia/San Sebastian in October 2011, was attended by international figures including Kofi Annan, Gro Harlem Brundtland, Bertie Ahern, Pierre Joxe, Gerry Adams and Jonathan Powell.

Our event will hear from **Jonathan Powell**, one of the endorsers of the Aiete declaration, and formerly the chief of staff to the UK Prime Minister, who played an important role in the peace process in Ireland.

The conference is likely to consider the role of the European Union and the European institutions including the European Parliament in supporting the ongoing peace process and resolution of Europe's last armed conflict.

The conference will be followed by a press point at 11am
