## **Europe - Make it or Break it!**

### **The Green European Summer University**

The second European Green Summer University is over.

With 5 plenary debates, tens of workshops and cultural activities, it was once again a real success and offered a forum for young and old, experts, scientists and managers, artists and trade unionists, intellectuals, students and civil society representatives to express their views about Europe and Europe in the world.

All plenary debates have been webstreamed for all those who could not attend the event.

You will soon find the documentation of our event on the homepage of the Green European Summer University:
