The EU's approach to Somalia

Where do we stand?

You missed the event? No problem! We recorded the hearing. Please find here two audio files:

11:30-13:00

Military and political situation: Yusuf Khawaje, boislandryconsling

Development Aid: Dr. Wolfgang Heinrich, EED

Piracy: Kerstin Petretto, IFSH

The EU's engagement in Somalia constantly increases. The EU conducts a Anti-Piracy mission (ATALANTA) and is financing a huge part of international aid for the country. Since less than a year the EU is also engaged in training of Somali security forces aiming at shifting the balance of power to the benefit of the Transitional Federal Government. The expert hearing will discuss the following question: How effective is the current approach and which aspects need to be adjusted?
