Brussels Agenda

Greens/EFA priorities and events for 12-18 October

Greens/EFA agenda priorities

Wednesday 14 October:

The **European Commission** will publish **progress reports on the accession of Turkey and Western Balkan** countries. The Greens will also examine the Commission's proposal to be announced on **emission performance standards for commercial vans and minibuses**, as well as its expected progress report and communications on the EU's integrated **maritime policy**.

Thursday 15 October:

Commissioner **Olli Rehn** will discuss the previous day's **enlargement report** in the EP foreign affairs committee. The **Western Balkans** will also be a focal point in the EP civil liberties committee, which will vote on **visa liberalisation** for citizens from that region. The Greens were highly critical of the Commission's initial proposal to exclude Bosnia-Herzegovina.

Greens/EFA events

- **Conference: Extractive industries ☒ Blessing or curse?**
Tuesday, 13 October 2009, 09.30-17.00
Room PHS 5B001, European Parliament, Brussels

> This Greens/EFA event, co-organised with Friends of the Earth Europe, brings together MEPs including Luxembourg Green Claude Turmes, speakers from the oil and gas industries and representatives from environmental groups. Discussions will weigh up the impact of extractive industries on development and the environment, and on how to improve the social and environmental performance of this sector.
