## **Martin Schulz's Twittergate**

### **Stop the Twitter heist**

The Greens/EFA group has previously [highlighted its concerns](#) about Martin Schulz continuing to remain in office as European Parliament president, whilst concurrently campaigning as the European Socialist candidate for EU Commission president. The first signs of these concerns playing out came last week\*, when Martin Schulz engaged in a veritable putsch on twitter.

He transformed the twitter profile of the European Parliament presidency into [his own personal profile](#) to be used as part of his campaign as Socialist candidate for the Commission presidency. Overnight, all those who followed the profile of the Parliament's president suddenly - and without being asked - became followers of Martin Schulz's EU Commission president campaign. As if to confirm the heist, a [new account for the EU Parliament's president](#) was set up...but had to start from the beginning, [as Schulz himself pointed out](#).

The Greens/EFA group believes this is unethical and inappropriate on Martin Schulz's behalf. His account was managed by officials working in the European Parliament to give prominence to his work as president of the European Parliament. Those who followed him (including ourselves) did so on those terms.

Our group has contacted twitter asking them to verify if this is in line with their rules and, if not, asking them to take action with regards to this official account of an EU institution. We have also tweeted @MartinSchulz, asking him to do the right thing.

### What can you do?

Until either Martin Schulz or twitter deal with this issue, you can take direct action:

- **unfollow @MartinSchulz on twitter** or- **tweet @MartinSchulz** asking him to give @EP\_President all the followers back using the hashtag #SchulzTwittergate

- **raise awareness on twitter** about his tweetjack through the hashtag **#SchulzTwittergate**

For our part, the Greens/EFA will also continue to push Martin Schulz to step aside as European Parliament president to avoid further conflicts of interest with his political campaign to become European Commission president.
