## Judicial reform in Poland - quote from Ska Keller

### Article 7

The planned reform of the judiciary in Poland is a "serious breach of the rule of law", according to the majority of MEPs. The European Parliament voted today on a resolution on the European Commission's decision to activate Article 7 for Poland. The text calls on the EU Heads of State and Government to initiate a rule of law procedure under Article 7.1 of the Treaties of the European Union.

**Ska Keller**, co-president of the Greens/EFA Group, comments:

*"The Polish government is undermining the rule of law and ignoring the protests of Polish judges, lawyers and thousands of citizens. EU governments must not turn a blind eye and must act against the threat to the independence of the judiciary in Poland, irrespective of their party ties. The European Union's credibility is at stake."*
