- 70 ha. Grassland with 15 ha Meadow bird protection
- President of Farmers Nature
- Umbrella organization of 40 Cooperatives
- Agri-environmental schemes
- 8.000 Farmers, 90.000 hectares

BoerenNatuur

- System Change in Agri-Environmental schemes.
- From Farm approach to Habitat approach.
- Strong role for collectives. “Group off Farmers”
- Shift of responsibilities.
- Efficiency: from 13.000 contracts to 40 !
- Effectiveness, habitat approach.
- The farmer takes the lead.

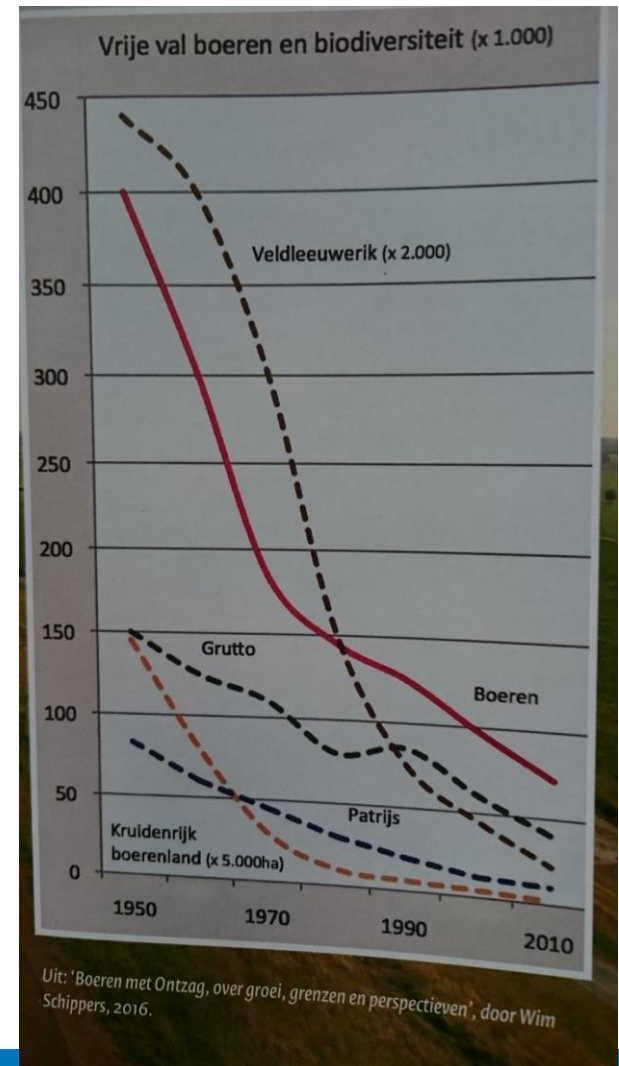

40 collectieven

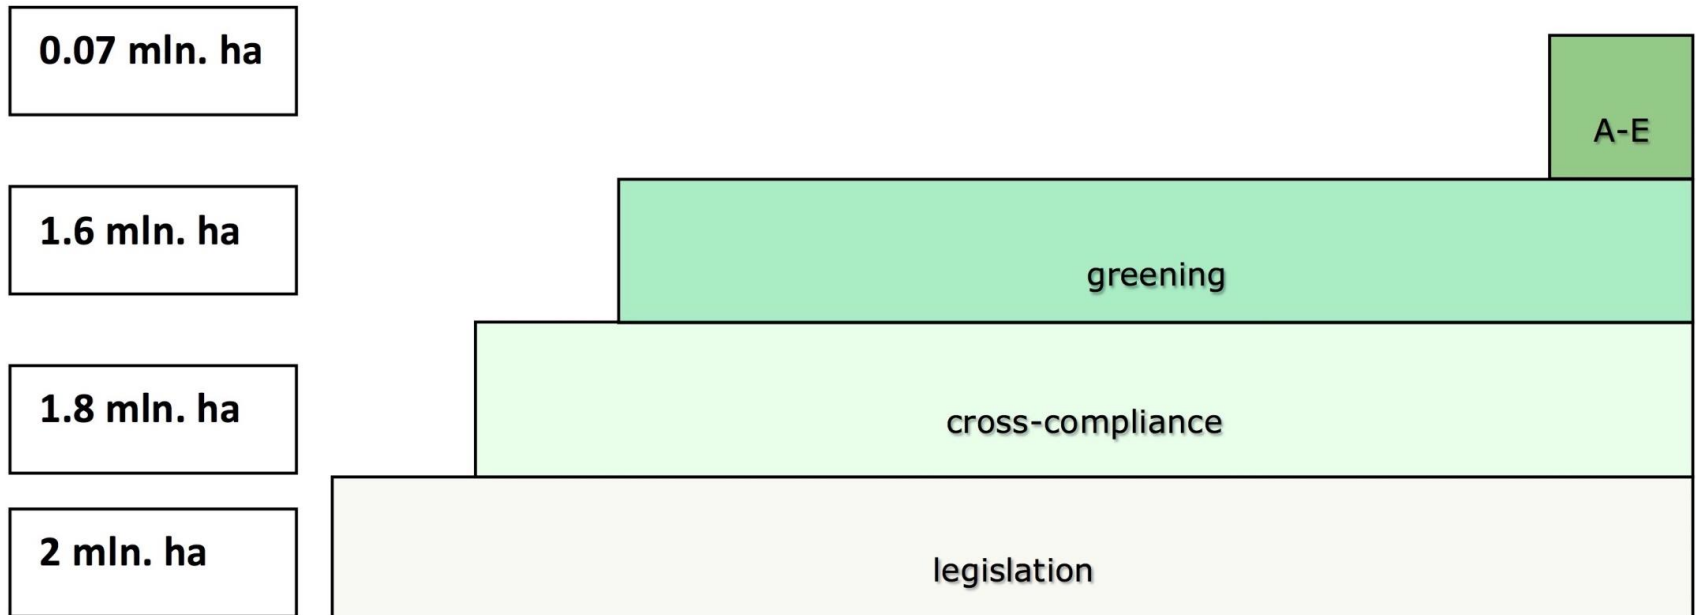

The future of agriculture

- Dutch agriculture great success.
- But.....
- Biodiversity.
- Landscape.
- Environment.
- License to produce...

What is there to win ?

The next CAP.....

• I skate to where the puck is going to be, not where it has been”

- The challenges of the farmer are:
 - Biodiversity
 - Landscape
 - Climate change.
- The CAP reaches out to every farmer in the EU.
- From Measure to goal.
- From parcel to habitat.

The Future

NEXT EXIT
